

Rep. Pat Bauer

Dear Friends,

The 114th Indiana General Assembly will begin its work January 4. Our main responsibility will be crafting a new two-year state budget, but we will consider a number of other important measures as well. I expect a lively debate and exchange of ideas over the next few months until we adjourn in late April.

I will continue to work on issues important to families across Indiana, and I hope we can build on some of the advances we have made over the past few years. You can be assured that I will look out for the best interests of our district.

I hope you will complete the survey included in this newsletter. I also encourage you to visit my web site at www.in.gov/H6 to add your name to my email list to receive updates on the activities of the legislature.

Please continue to contact me if you have additional questions or concerns about state government.

Volunteering for the Page Program

Serving as a page allows any student age 13 or older the opportunity to gain a firsthand glimpse of how the legislative system works. Students will be excused from school on the day they are serving as a page.

Interested students should call my office at 800-382-9842 with two dates when they could come to the Statehouse between January and April. Please apply as soon as possible as space is limited.

Making Life Better for Hoosiers

We have worked hard to make positive gains for Hoosier families over the past two years. Those efforts resulted in expansion of property tax relief, creation of a task force to battle meth use, tighten-

ing of predatory lending laws, improvements to child automobile safety, and strengthening our economy through the Energize Indiana program.

During the upcoming session, I will work diligently to ensure that Hoosier families and small businesses remain a legislative priority. We must strive for access to affordable health care and prescription drugs, the creation of good-paying jobs while keeping existing ones here in Indiana, and a more efficient government with a less burdensome tax system.
